

Waterwatch Bug Blitz

WATERWATCH NEEDS VOLUNTEERS FOR SPRING BUG BLITZ!

AQUATIC MACRO-INVERTEBRATES (WATER BUGS) ARE AN EXCELLENT INDICATOR OF STREAM HEALTH. WATERWATCH WILL CONDUCT WATER BUG SURVEYS ACROSS THE REGION THIS SPRING TO CONTRIBUTE TO THEIR CATCHMENT HEALTH REPORT CARDS.

WATERWATCH STAFF WILL BE SURVEYING SITES IN CANBERRA AND SURROUNDING AREAS SUCH AS ON THE YASS, BREDBO AND THE QUEANBEYAN RIVERS AND INVITE VOLUNTEERS TO JOIN THEM. YOU CAN EITHER ARRANGE TO MEET AT A PARTICULAR SITE FOR A FEW HOURS OR JOIN IN FOR THE DAY TO SOME LESS-EXPLORED AREAS OF OUR CATCHMENT.

WHAT TO BRING: LUNCH, WATER, HAT AND ENTHUSIASM
(NO PREVIOUS EXPERIENCE NECESSARY)

RSVP: Woo O'Reilly – 6207 2246 - waterwatch@act.gov.au
OR YOUR LOCAL COORDINATOR FOR MORE DETAILS
